

Kyle Citizens Community Consultation

Creating a multi-purpose centre for the local community in Kildrum, Cumbernauld

Consultation event: Wednesday 14th October 2009, from 2.30pm - 6.30pm
New Town Hall, Cumbernauld

The Kyle Community Trust would like to consult with local people on the proposed plans for a new 5000sq ft community facility. Please come along to the consultation event to help shape the future of the centre and have your say on the facilities and activities it will offer. Your input and support is important to ensure we can attract funding from the Big Lottery Fund and make the new centre a reality. Give us your opinion on our plans plus we'd like to hear if you have ideas of your own.

Everyone from the Cumbernauld community is welcome including individuals and representatives from local organisations. Please feel free to drop in at any time between 2.30pm and 6.30pm.

Diagrams of the building, gardens and proposed location will be on show and presentations will be given by Angus Smith, Lead Architect, Space Solutions at 3pm and 4.30pm.

For more information, contact cheryl@indigops.com or call 0131 452 2031.
